Background. This study was driven by a desire to increase the number and size of donations to animal causes. Our eventual goal is to conduct one or more experiments to directly test methods of increasing donations, but we first need a strong foundation of data about current donors and donation patterns.

The People Who Support Animal Causes: Descriptive Results

by Lorraine Murray. Most people are aware that dairies in the United States bear little resemblance to the idyllic pastures of yesteryear. As with other branches of animal agriculture, such as chicken and egg production, hog farming, and beef production—as well as crop growing—small, traditional dairy farms have been steadily pushed out of the business by large agribusiness concerns.
