A regional supplement to Current Issues in Economics and Finance covering a range of topics pertaining to the economy of the Federal Reserve System's Second District, including fiscal conditions, housing and credit markets, growth and productivity, and employment. This series, published from 1997 through 2014, has been archived.

Current Issues in Economics and Finance - FEDERAL RESERVE ...

A bank account is a record maintained by a banking institution, in which it records an ongoing series of cash inflows and outflows on behalf of a customer . The bank account also shows the current balance of cash in the record as of any point in time. If there is more than one individual who has ac

Bank account types — AccountingTools

Bank Transaction Journal Entries Examples. The bank account referred to in these journal entries is a separate account in the general ledger for a specific named bank account and would be shown under the balance sheet heading of cash and cash equivalents.

Bank Transaction Journal Entries | Double Entry Bookkeeping

Bank's Debits and Credits. When you hear your banker say, "I'll credit your checking account," it means the transaction will increase your checking account balance. Conversely, if your bank debits your account (e.g., takes a monthly service charge from your account) your checking account balance decreases.. If you are new to the study of debits and credits in accounting, this may seem puzzling.
