Media corporations have always used the term copy protection, but critics argue that the term tends to sway the public into identifying with the publishers, who favor restriction technologies, rather than with the users. Copy prevention and copy control may be more neutral terms. "Copy protection" is a misnomer for some systems, because any number of copies can be made from an original and all ...

Appendix E identifies a number of specific DMSMS management-related questions for use in support of LAs. As was the case for SE technical reviews, the DMSMS management-related questions offered in the appendix have been designed for use by the DMSMS community to inform DMSMS discussion before the LAs and to highlight DMSMS issues to be addressed during the LAs.

The Birth of Probability and Statistics The original idea of "statistics" was the collection of information about and for the "state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
