While the APA provides clear-cut instructions for citing standard publication types, some business resources have unique elements that make it necessary for us to make an interpretation of the APA rules. Some of the examples provided on this guide are adaptations made by the Bentley Library's reference librarians for the Bentley University community.

Apple Inc., formerly Apple Computer, Inc., is a multinational corporation that creates consumer electronics, personal computers, servers, and computer software, and is a digital distributor of media content. The company also has a chain of retail stores known as Apple Stores. Apple's core product lines are the iPhone smartphone, iPad tablet computer, iPod portable media players, and Macintosh ...

History of Apple Inc. - Wikipedia

A style guide or style manual is a set of standards for the writing and design of documents, either for general use or for a specific publication, organization or field. The implementation of a style guide provides uniformity in style and formatting within a document and across multiple documents. A set of standards for a specific organization is often known as "house style".
