I was wondering if anyone knows if it's ok to use low voltage halogens (usually 12v isn't it?) in conjunction with my dimmer switch? I read someone else on this forums saying he didn't think you could do it as the step-down transformer is already acting much like a dimmer switch, but he admitted he didn't really know and this was an educated guess. So, does anyone know for sure?

The R series will be running live during the Gulf Print & Pack 2019 and should be the highlight of the show. With revolutionary features for transforming how you print to rigid and flexible materials, the HP R-Series addresses many of the existing limitations that print service providers face using UV printers on rigid and flexible media.
