The Private Participation in Infrastructure (PPI) Project Database has data on over 6,400 infrastructure projects in 139 low- and middle-income countries. The database is the leading source of PPI trends in the developing world, covering projects in the energy, telecommunications, transport, and water and sewerage sectors.

Private Participation in Infrastructure (PPI) Project ...

By definition a research paper requires the writer to learn a great deal about their subject, so it is always a good practice to select a topic that truly interests you before you begin gathering sources.. If you are interested in your topic, learning about it will be more pleasurable and you will write with greater passion, so choose your topic thoughtfully.

101 Research Paper Topics | Ereading Worksheets

All the committees are compiled from representatives of the relevant industries and from researchers nominated representing the recognized research institutions and universities. Subject Working Groups (SWGs) one per Research Focus Area, support the Planning committees in decision making and evaluation all through the lifetime of a project.

Note: Each research project will involve background reading for the interns provided by their mentors. Each research project will involve a final presentation by the interns. Interns are expected to work collaboratively on the same project and/or data set. This may preclude rising seniors from submitting papers based on such projects to the Regeneron Science Talent Search competition.
