The last complete Computer Science curricular volume was released in 2001 (CS2001) [2], and an interim review effort concluded in 2008 (CS2008) [4]. This volume, Computer Science Curricula 2013 (CS2013), represents a comprehensive revision. The CS2013 guidelines include a redefined body of knowledge, a result of rethinking the

Computer Science Curricula 2013

The Academy is the single overarching body for the entire Healthcare Science workforce in the UK and works alongside the specialist professional bodies to speak with one clear voice for Healthcare Science.

The Academy For Healthcare Science - AHCS

Acceleration occurs when students move through traditional curriculum at rates faster than typical. Among the many forms of acceleration are grade-skipping, early entrance to kindergarten or college, dual-credit courses such as Advanced Placement and International Baccalaureate programs and subject-based acceleration (e.g., when a fifth-grade student takes a middle school math course).
