A majority of students in grades 3 to 6 are beyond decoding instruction. Strategic reading allows students to monitor their own thinking and make connections between texts and their own experiences. Based on the Guided Comprehension Model developed by Maureen McLaughlin and Mary Beth Allen, this lesson introduces students to the comprehension strategy of self-questioning.

Guided Comprehension: Self-Questioning Using Question ...

The purpose of this activity sheet is to guide students thinking in order to make observations about multiplying binomials so that they may construct their own understanding of the FOIL method, or some version of it. Students begin by using the box method to help make sense of the FOIL method. Inc...
