Gathering enough test subjects is the only difficult part here. Each session should probably only take 10-15 minutes, but you will want a lot of people to do this, so that the data means something- plan on gathering data for up to 10 days or more. The project addresses a perennial argument between ...

Highlights Rubrics are scoring tools that can be used for summative or formative assessment purposes. Rubrics mediate improved performance for instance by increasing transparency. Moderating factors are e.g. metacognitive activities, intervention length & gender. Topic/performance assessed does not seem to affect the formative effects of rubrics. Effects of personal differences on the ...
