Polar graph paper, also known as polar coordinate paper, is a graph paper with concentric circles (with equal spacing between them) that are divided into small arcs. In plotting on this paper, one measures a radial distance from the pole (origin) and then rotates an angle of theta degrees from the polar axis (positive x axis).

**Free Polar Graph Paper | Printable Polar Coordinate Paper**

Students who can't find polar graphs tend to make do by drawing circles on regular graph paper using a compass, a protractor, and some legends for conversion units. You no longer have to go through the extra trouble with these polar graph templates. If you don't have a protractor to measure angles,...
