Being a technical recruiter can be a satisfying and lucrative line of work. After all, your job is to help people find their mission. When job seekers find a role that brings them day-to-day fulfillment, the recruiters who made that possible feel like winners. When employers feel they found someone who is a perfect fit for the job, everybody wins.

How to Become a Technical Recruiter: A Complete Guide

Technical analysis (TA) is the use of past market data to analyze stocks and make better trading decisions. It's based on the idea that supply and demand will determine a stock's price more accurately than the company's intrinsic or "true" value. Technical analysts look at the price movement over time, trading volume,...
