Choose a disk you want to install Alpine onto, as an example, sda is the first disk in your computer. Now choose how you would like to use it, for this guide, choose sys , this will install the entire OS onto your hard drive

Install to disk - Alpine Linux

Even if the installation instructions were better I'd have watched the Alpine install video. Other than the cramming of wires to get the unit to fit in the install is just as easy as the video shows. It took me about 2 hours. I had my iPad in the Jeep with me and went through the video as I installed.
