Paraphilia (previously known as sexual perversion and sexual deviation) is the experience of intense sexual arousal to atypical objects, situations, fantasies, behaviors, or individuals. Such attraction may be labeled sexual fetishism.. No consensus has been found for any precise border between unusual sexual interests and paraphilic ones. There is debate over which, if any, of the paraphilias ...

Findings. The study offers important insights into how women feel about having their mental health needs considered in the perinatal period. Women reported pregnancy was an emotional time, feeling expected to be happy, and women with significant mental health histories preferred not to be referred to available services unless they asked for help.

Women's views and experiences of having their mental ...
