Fifth Grade (Grade 5) Nervous and Endocrine Systems Questions. Responding to the stimuli helps an organism survive by changing the way it behaves or acts. Light enters the eye through the pupil , passes through the lens , and hits the retina where nerve cells detect light .

### Fifth Grade (Grade 5) Nervous and Endocrine Systems ...

Parts of The Peripheral Nervous System. Your peripheral nervous system is made up of two parts: the somatic nervous system and the autonomic nervous system. The word somatic is a fancy word for body. It's pronounced so-mat-ik. Your somatic nervous system sends messages to your muscles so you can voluntarily move parts of your body.

### The Peripheral Nervous System Lesson for Kids | Study.com

Grades 3 to 5 • Human Body Series Nervous System Your brain is the boss of your body, but it can't do the job alone. Your nervous system connects the messages from your brain to your body so you can do things like walk, talk, think, feel, and breathe. Your nervous system is the information highway that controls everything you do.
