Our replacement air suspension components will restore your Ford's original level of ride and handling for much less than you'd pay for parts at the dealer.

### **Ford Air Suspension & Components - CARiD.com**

The ride control module is part of the air suspension system in your vehicle if it is equipped with air suspension. This system works with a height sensor, solenoid, air bags, air compressor, and the control module. The computer and air compressor determine how much air should be put into the air bags, and they are deflated or inflated depending on the reading.

### **Symptoms of a Bad or Failing Ride Control Module ...**

Ford suspension systems are great but when the Ford struts fail or the Ford air springs go out, it's almost impossible to drive. Find everything you need for your air suspension repair and maintenance at Strutmasters. Save even more money if you convert to our Ford conversion kit for a smooth and soft ride.
