She has the two solutions as but the answer is This makes her graph incorrect too. Love this idea for teaching the discriminant.

Angry Birds (quadratic functions project) - Face the Math ...

Do not have them make catapults for the Angry Birds Parabola Project. This will take entirely too much time on things unrelated to the standards you are supposed to be teaching. If this is the version of the project you want to do then partner with a shop class or art class where creating the catapult will meet a standard for that teacher.

Angry Birds Parabola Project ★ Algebra2Coach.com

In this project students will graph quadratic functions based on the popular game, Angry Birds, by using equations and a Web-based graphing tool. Students will work in groups to apply the same principles to create their own game that uses quadratic functions. Students will exchange games with other groups, play the game and assess that game using a set student rating scale.
