Apa Source Documentation

APA (American Psychological Association) style is most commonly used to cite sources within the social sciences. This resource, revised according to the 6 th edition, second printing of the APA manual, offers examples for the general format of APA research papers, in-text citations, endnotes/footnotes, and the reference page.

General Format // Purdue Writing Lab

An APA in-text citation includes only three items: the last name(s) of the author, the year the source was published, and sometimes the page or location of the information. References include more information such as the name of the author(s), the year the source was published, the full title of the source, and the URL or page range.

Easy to Use APA Citation Generator & APA Format Guide

If you paraphrase or restate the idea in your own words, don't use quotation marks, but document the source. In the APA (American Psychological Association) format, one of several documentation formats, you briefly identify your sources in the text of your paper, then give the full information in the Reference List at the end of the paper.

APA Style

The American Psychological Association developed APA citation style to help you document your sources in a research paper or other project. By employing APA citation style, you will give proper credit to authors whose ideas you are using in your own work.

APA Citations - UMUC Library

Citing Your Sources in APA Format All of the sources that you use in your paper should be cited in two ways. First, an in-text citation should be used wherever you refer to another source in the body of your paper. This is often accomplished by including the name of the source's author and the publication year.

APA Rules for Attributing Sources - Verywell Mind

If a person is named on the title page, use her or him as author. If no person is named, use the government agency, department, or branch as a group author (Ex. 31, p.205). If the group author is also the publisher, just use the word Author after the location (p. 203). If there is a series or report number, include it after the title (p. 205).

Government Publication - APA Citation Style, 6th edition ...

APA In-Text (Parenthetical) Documentation In APA style, source material is cited using a system that emphasizes the author and date of publication in its in-text citations. These in-text citations—used when source material is quoted, paraphrased, or summarized—point to full bibliographic citations located in the reference page at the end of the document.

APA Parenthetical Documentation - St. Cloud State University

APA style encourages the inclusion of page numbers, but it is not mandatory. Include page or paragraph numbers if it will help reader find the information. (Reiton, 2003, para. 3) If the document does not contain page numbers, include paragraph numbers. (Reiton, 2003, para. 3). If neither is available omit page and paragraph numbers.
