Your Baby Has Downs Syndrome A Guide For Parents ...

I had a typical pregnancy and my ultrasound was normal. Which later iwas told 50% of babies with Down Syndrome have normal ultrasounds. I gave birth during Hurricaine Irene. And had a beautiful baby girl on Saturday, August 27th and nothing was mentioned about Down Syndrome.

When did find out your baby had Down Syndrome - The Bump

Termination due to Down's Syndrome - Support : Hi, My husband and I lost our first baby due to Down's Syndrome yesterday. After the diagnosis came back from an amnio we did, we decided that it was better for us to suffer than for our child to suffer all of his life. I am not saying that this is the only answer to this diagnosis. I do understand that some people would decide ...

Termination due to Down's Syndrome - Support - Grief and ...

My younger sister has Down's Syndrome and I remember asking my Mum what I should say to a friend who had just had a baby with Down's Syndrome and she said, "Say CONGRATULATIONS on the birth of your beautiful baby, just like you would to any of your friends!".

What to Say When a Baby is Born with Down's Syndrome

Many children don't have them, but if yours does, you can get treatment for: Hearing loss. Many children with Down syndrome have hearing loss in one or both ears. Because of that, your child will likely have regular visits with an ear, nose, and throat (ENT) doctor to catch any issues early on.

From 1991 "bring her back in one piece" "that's really all we ask"

1991 You got me baby

A diagnostic test like amniocentesis or chorionic villus sampling (CVS) will tell you for certain whether your baby has Down's, Edward's or Patau's syndrome. Amniocentesis involves removing and testing cells from the fluid that surrounds your unborn baby in the womb with a long, thin needle.

Down's syndrome testing and what you need to know in ...

1/67 means if 67 people had the same results as you then one person's baby could have down syndrome. Of this--there is still a chance that it is a false positive--I think its about a 5% off rate. So it may actually take 5 groups of 67 people to actually end up with one child with Down Syndrome.

What are the odds?? Down syndrome??? | Mom Answers ...

Our child has Down syndrome. It is a chromosomal abnormality and he will be a child with a disability. You could tell your children about the baby in the following way: He is a baby with Down syndrome. He will learn and develop much the same as any other baby, only slower. We will have to repeat things often to him and be patient. Oh yes!

A Parent's Guide | You and Your Baby | Myths about Down ...

I wish I could tell you in a five step article what happens when you find out your baby has Down syndrome, but every situation and every person is so different that the best I can do is tell you my experience.. On the day of our sonogram to find out the sex of our very first child, my husband, the two first-time grandmas-to-be and I anxiously waited in the waiting room for my sonogram.

The Mom Crowd » When You Find Out Your Baby Has Down Syndrome

Q: My baby has mosaic Down syndrome. What does that mean? A: Children with mosaic Down syndrome have two distinct cell groupings. In some cells there is a total of 46 chromosomes, which is the "typical" group. In other cells there is an extra copy of the chromosome #21, making 47 cells total for this group. Q: How does mosaic Down syndrome ...
