Aaha Feline Vaccine Guidelines 2013

AAHA guidelines are developed by experts to provide recommendations that improve the quality of pet care or provide guidance on other veterinary-related issues.

AAHA Guidelines and Implementation Toolkits | AAHA

Programs supporting regular vaccination of dogs have contributed both to the health of dogs and to the public health. In countries where routine rabies vaccination of dogs is practiced, for example, rabies in humans is reduced to a very rare event. Currently, there are geographically defined core vaccines and individually chosen non-core vaccine recommendations for dogs.
