Google Answers: Weight of an average-size book

A 'mass market paperback' is the typical size you see in the store - that size has grown over the decades, from about 4x6 inches to closer to 5x8 inches, but it is the size of the 'mass market' for paperbacks. Then you jump to 'large format' paperbacks, which are significantly bigger (and usually cost more).

What's the difference between 'Paperback' and 'Mass Market ...

The Basis Weight of Paper. In the U.S., the traditional method of determining paper weight is formally known as basis weight, and is the weight (in pounds) of a stack of 500 sheets of paper. This is where much of the confusion comes in, because different types of paper have different uncut sizes used as the basis of this weight.

Advanced Book Printing Blog - Book Publishing, Self ...

A Trade Paperback is a larger format paperback (about the size of a hardback book) and can be produced for under \$3. (in offset runs of over 2000). Most self-publishers choose this format, as it has a lower cost per unit and is usually sold at an easily affordable price-point .
