A short journal for students to record observations while growing simple plants. You will need a lima bean, wet paper towel and Ziploc baggie for each student. Covers for both boys and girls. Great for 1st grade.

My Seed Observation Journal | Kindergarten Science and ...

The greatest fun was our hands-on dissection of lima bean seeds! We started by observing uncooked lima beans and making observations. We also made predictions about what could possibly be inside! The students drew their predictions on this free recording page. I then gave each SuperKids a pre-soaked bean, and they went to town dissecting away!
