Berkeley DB Java Edition Collections Tutorial s ...

Hello, I am wondering if we need to use the Berkeley DB Java Edition Collections in place of the Java Collections API when we use the DPL API of JE as recommended in the first tutorial. The Berkeley DB Java Edition Collections seems to be used only with the Base API ! Thanks Fahmi

Berkeley DB Java Edition Collections usage with ...

storedIterator public StoredIterator storedIterator(boolean writeAllowed) Returns a read or read-write iterator over the elements in this collection. This method does not exist in the standard Collection interface.. Warning: The iterator returned must be explicitly closed using StoredIterator.close() or StoredIterator.close(java.util.Iterator) to release the underlying database cursor resources.
