Gender studies. Gender studies look at the sexuality of translators, at the gendered nature of the texts they translate, at the possibly gendered translation processes employed, and at the gendered metaphors used to describe translation. Pioneering studies are by Luise von Flotow, Sherry Simon (de), and Keith Harvey.

### **Translation studies - Wikipedia**

3 It is interlingual translation, between two different verbal sign systems, that has been the traditional focus of translation studies. However, as we shall see as the book progresses, notably in Chapters 8 to 10, the very notion of 'translation proper' and of the stability of source and target has been challenged.

### **Main issues of translation studies - Routledge**

Others, such as The Routledge Encyclopedia of Translation Studies (Baker 1997a) and The Dictionary of Translation Studies (Shuttleworth and Cowie 1997)' have attempted to bring together the main concepts and give a description of the field. The present book aims to be a practical introduction to the field.
