AP Environmental Science — bozemanscience

AP Environmental Science is to provide students with the scientific principles, concepts, and methodologies to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, and to evaluate the risks associated with these problems and examine alternative solutions for resolving and/or preventing them.

AP Environmental Science - APES

AP Environmental Science (APES) is the interaction of sciences that attempts to explain how life on the Earth is sustained, what leads to environmental problems, how humans are responsible and interact with these elements and how these problems can be solved.
