Animal Rights Research Paper

Venom-derived drugs. A guide to the venomous creatures that help in imagining and creating drugs

The global resource for scientific evidence in animal research

The number of wild animals vastly exceeds that of animals on factory farms. Therefore, animal advocates should consider focusing their efforts to raise concern about the suffering that occurs in nature. In theory, engineering more humane ecological systems might be valuable. In practice, however, it seems more effective to promote the meme of caring about wild animals to other activists ...
