There's no question, the easiest way to identify the axle and gear ratio in your truck is from the door sticker. If you open the drivers door and look at the door jamb, you'll see a sticker like the one shown below: You'll see that the area labeled (F) is for the Axle Code.

Identify Your Ford Truck Axle From The Door Sticker - Blue ...

i might go to a junk yard that deals with fords and hondas only. they always have 1st gen expos and f150s of the same year. well im gonna go look at the expos maybe one day. what axle codes should i look for? so i know it has the 9.75 and limited slip. and for the f150 same, but ill just take the diff out of the 150 cause making that into a coil sprung axle would be too much work.

what axle codes? | Ford Expedition Forum

I have a 1999 ford expedition eddie bauer 5.4 liter. The rear suspension is sagging all the way to the stops of the air shocks. The compressor was changed recently and still works. I replaced the module underneath the right front bumper, still sags. I noticed what I think is a load leveling sensor on the back axle. could this be the problem?
