BBC WEB STYLE GUIDE PDF - s3.amazonaws.com

What are style guides? The name gives us a pretty good idea of what they're all about: guides to style. But web design style guides can be so much more than that. At the least, they are simply documentation for frontend designers and developers. At best, style guides can help clients and other designers and developers understand how a site (or app) is visually put together.

How to create a web design style guide | Creative Bloq

A style guide or style manual is a set of standards for the writing and design of documents, either for general use or for a specific publication, organization or field. The implementation of a style guide provides uniformity in style and formatting within a document and across multiple documents. A set of standards for a specific organization is often known as "house style".
