Yesterday, the red warning lights that say "brake" and the one that looks like a battery began flashing. They did not flash steadily, and would randomly go on and off, sometimes staying on for 3-5 minutes and then stay off for awhile. There was no particular pattern to the lights going on and off ...

My 1996 Nissan Sentra GXE automatic GA16DE acts like it's trying to turn over but it won't start. I've already tested the battery, it's good, also cleaned the battery terminals; replaced the fuel pump relay, change the spark plugs in Sept 2018 & checked them after this problem started for any cracks, changed the spark plug wires, the rotor & distributor, the car still won't start.
