For proponents of the view that anthropogenic climate change will become a 'threat multiplier' for

instability in the decades ahead, the Syrian civil war has become a recurring reference point, providing apparently compelling evidence that such conflict effects are already with us.

Climate change and the Syrian civil war revisited ...

In many ways search -- and the clean white page with the blinking cursor -- is a metaphor for how we think about innovation at Google. Imagining the ways things could be -- without constraint -- is the process we use to look for better answers to some of life's everyday problems.
