Sounds tough! For SPSW I spent a couple of weeks just reading through the book slowly with Excel open, practising all the different things, even the little things, and I also made a few spreadsheets myself to test the skills in other settings, though tbh that was mainly just because I had the time and was quite enjoying it, didn't really need to.

Preparing for the exam. Check with your exam centre which version of Excel they'll be using. Mostly, this won't matter one jot, but visually it can look a little different, which can throw people. You might be able to ask if you can see what it looks like, beforehand. Use every opportunity you can find to practise.
