Some of the worksheets displayed are Area perimeter work, Area perimeter work, Grade 4 geometry work, Area and perimeter of rectangles, Grade 5 geometry work, Name date perimeter and area, Even more area and perimeter word problems question, Rectangle.

Perimeter And Area Worksheets - Printable Worksheets

Area is basically the amount space taking up by a two-dimensional shape. Perimeter is a measure of the complete length of all the sides. Students often confuse volume and area. Area points to the measure of space that is enclosed, volume determines the direct capacity of solids. This section is great for reviewing all three measures.

Area, Perimeter and Volume Worksheets

Free printable worksheets for the area and perimeter of rectangles and squares for grades 3-5, including word problems, missing side problems, and more. You can control the number of problems, workspace, border around the problems, image size, and additional instructions.

Area and perimeter worksheets (rectangles and squares)

Calculating Area & Perimeter. This page shows a set of two-dimensional shapes that have their sides labeled, and the student's task is to compute the area and/or perimeter. For complex shapes, you can also choose to have all the sides labeled so that they do not have to do the subtraction to find out the unlabeled sides.
