Editions of Archaeology: Theories, Methods and Practice by ...

Archaeological theory refers to the various intellectual frameworks through which archaeologists interpret archaeological data. Archaeological theory functions as the application of philosophy of science to archaeology, and is occasionally referred to as philosophy of archaeology. There is no one singular theory of archaeology, but many, with different archaeologists believing that information ...

Archaeological theory - Wikipedia

This best-selling textbook on what archaeologists do and how they do it has now been completely revised. Structured according to the key questions that archaeologists ask themselves, it provides coverage of all the major developments in methods, science, technology, and theory. For the fifth edition, the voices of indigenous archaeologists have been included, and there is updated coverage of ...

Archaeology: Theories, Methods and Practice - Colin ...

archaeological method, nor an introduction to the application of scientific techniques in archaeology. But the editors are clearly aware that theory and method cannot be separated: they feed upon each other (Renfrew and Bahn 2004). So we have tried also to ensure that concepts underlying relevant archaeological methods are adequately
