Suggested Answer: The government solicits bids from primary contractors who assemble the package or system. The contractor who was awarded the contract would be responsible for bidding out and assembling the system's subcomponents from second-tier contractors. Thus, the primary contractor would provide a turnkey solution.

Abstract: The World Health Organization (WHO) identified information as one of the six key pillars of an effective health system. In this context, the need to strengthen community health information has been felt globally. African countries have faced the greatest challenges in collecting, analyzing, evaluating and interpreting indicator data to guide evidence based policy-making.
