Software User Guide - Kansas Adjutant General's Department
The examples I show are examples of what makes great end user documentation. 1 - Write great titles. Great end user documentation consists of titles that are specific, and often in the form of performing a task. This not only makes it easier for your end users to find what they are looking for, but it helps you write better articles.

10 Examples of Great End User Documentation
Any new user that has registered to use the MAC/SBS web site is an active user and may use the web site. To disallow a user from submitting roster files or viewing information regarding your roster file uploads, you must deactivate them. *To deactivate a user, call the EDI Helpdesk at (866) 416-4979 with your Provider ID,

User Guide Template - klariti.com

A User Guide on paper is less likely to be useful to "casual" users who make only occasional use of the system. Experience says that such users will rarely consult a manual. So for them the bulk of the User Guide information has to be available on line, supported by a good indexing system and (ideally) some diagnostic wizards.
