ABAP can't die because its the easiest development tool . It can be easily seen that if you see development cost ABAP development can be completed in less time as compared to Java. And SAP is not stopping ABAP but just given an option to develop in java. However it will be good for ABAP Developers to learn java. ABAP is not a replacement for any thing and at the same time no other language is a replacement for ABAP. FYI, ABAP is no more an ABAP/4.
