Are you open to new ways of thinking? Do you continuously learn new skills? Or do you struggle when it's time to do things differently? CCL research has long shown that successful leaders continue to develop on the job. But the willingness and ability to learn throughout one's career appears to ...

Are You an Agile Learner? - Center for Creative Leadership

The agile approach to estimating how much work can be accomplished in a particular period of time is team-oriented, rather than individual-oriented. The team-oriented analysis is effective as long as specialized work does not dominate over general work.
