Basics. Command-Line Syntax for this Manual. Remember the UNIX/LINUX command line is case sensitive! All commands in this manual are printed in gray code boxes. Commands given in red are considered more important for beginners than commands given in black. The hash (pound) sign "#" indicates end of a command and the start of a comment.

Linux Basics - Manuals

This user guide is meant as an introductory guide for a user to use a modern personal computer (PC) running the Linux operating system. The main aim is to provide a self-learning guide on how to use a modern Linux desktop system. It assumes that the user has no prior knowledge of Linux or PC usage. After going through the guide the reader ...
